IGS NEWSLETTER – December 2018

Helping the world understand the appropriate value and use of geosynthetics

Message From The President

A Holiday Message from IGS President, Chungsik Yoo, Ph.D.

Dear IGS Colleagues, I hope this holiday season is an exceptionally good and safe one and that the New Year brings you much health, happiness and prosperity. As 2018 draws to a close, most of you will be in the midst of preparations for the holiday season...

[International Geosynthetics Society](#)

The International Geosynthetics Society (IGS) is a learned society dedicated to the scientific and engineering development of geotextiles, geomembranes, related products, and associated technologies. The core purpose of the IGS is to provide the understanding of and promote the appropriate use of geosynthetic technology throughout the world.

By unsubscribing to this email, you will no longer receive messages from the International Geosynthetics Society, this includes the IGS News, information about events held under the auspices of the IGS, and other official communications regarding your membership including dues and electronic ballots, etc.
